

LimeBike Dockless Bike Share

Watertown has joined with 15 contiguous communities to launch a Dockless Bike Sharing System with LimeBike. Bicycles are available short-term, and will help reduce vehicle trips, congestion and pollution. LimeBikes can be accessed by downloading a mobile app on your smart phone. Rides start at \$1.00 per half hour. Helmets are not provided.

If you want to learn more about Lime Bike or get the app, click here:

<https://www.limebike.com/>

Help make bike sharing work for the whole community by following these simple rules of etiquette.

Do:

- ✓ Park bikes curbside, leaving at least 3 feet clear sidewalk width.
- ✓ Park bikes in or next to bike racks if possible
- ✓ Follow traffic rules while riding

Do not:

- × Lay bikes on the ground
- × Block driveways, sidewalks or wheel chair ramps
- × Park in bus stops. However, next to bus stops is ok

To report a problem or mis-parked bike follow the directions in the app or contact LimeBike directly by email or phone. Also, anyone can just fix the placement of a bike.

LimeBike Customer Service:

Email: support@limebike.com

Phone: 888-Lime345 (888-546-3345)
