#### Here is how it works - households of:

3-5 can earn a bonus of up to \$60 per month.

6 or more can earn a bonus of up to \$80 per month.

When making a food stamp (SNAP) purchase of fresh produce, the cost of the produce selected is first taken from your current food stamp **balance** and then promptly reimbursed as the HIP benefit back into your SNAP balance to use. **It's like free money!** Reimbursement is only up to the monthly total allotted to your household (\$40, \$60, \$80, monthly.)
