Baker-Polito Administration Initiates Transition to Step Two of Second Phase of Four-Phase Approach ([News Release](#))

The Baker-Polito Administration announced that Step Two of Phase II of the Commonwealth’s four-phase reopening plan, [Reopening Massachusetts](#), began on Monday, June 22 to allow additional industries to resume operations under sector-specific guidelines.

Businesses and sectors set to begin operating in Step Two of Phase II are subject to compliance with all mandatory safety standards.

¹ There is a difference between the Commonwealth’s reported numbers and what the Watertown Board of Health can confirm through the Massachusetts Virtual Epidemiologic Network (MAVEN).

On May 18, the Administration [released](#) a four- phased plan to reopen the economy based on public health data, spending at least three weeks in each phase. Key public health data, such as new cases and hospitalizations, has been closely monitored and seen a significant decline allowing for Step Two of Phase II to begin on June 22.

New COVID-19 Testing Website Launched

The Baker-Polito Administration launched a revamped testing website, “Get Tested MA,” as a more convenient resource for the public to find information on testing in one place. The website, available at [Mass.gov/gettested](https://www.mass.gov/gettested), has information on who should get a test, what to do if an individual receives a positive test, and details on the different types of tests available.

Residents are also required to wear a mask or face covering at all times when using any means of transportation service or public mass transit.

Watertown Public Schools (WPS)

On June 25th, Governor Baker's office and the Department of Elementary and Secondary Education released their initial guidance about reopening schools this fall. The goal of the guidance is the safe return of as many students as possible to in-person school settings in order to best meet students' academic, social, and emotional needs. Over the coming weeks, the WPS Reopening Task Force will review the guidance to begin to understand how it impacts what we can do in Watertown. We also acknowledge that these initial guidelines do not address every topic and that there will be additional guidance coming throughout the summer. The full guidance document can be found at the following [link](#). Districts will need to develop three separate plans - one for return to full in-person instruction with safety requirements, one for full remote learning, and one for hybrid learning that combines in-person and remote learning. As we get closer to the opening of school, we will implement the plan that makes the most sense for Watertown based on the information that is available at that time.

Breakfast and lunch is available for any student throughout the summer. Next week, pick up is on Monday and Wednesday, June 29 and July 1, in the WHS parking lot from 11:00-1:00. Starting on July 7, meals will be available on Tuesday and Friday from 11:00-1:00 in the WHS parking lot. Any families are welcome to take advantage of this offering.

Watertown Free Public Library

The Watertown Free Public Library building will remain closed in accordance with Phase I of Governor Baker's Re-Opening Plan.
