Transition to Third Phase of Four-Phase Approach

Phase III of the Commonwealth’s reopening plan began on July 6th and updates on gatherings will be in effect. For the City of Boston, Phase III and the gatherings order will take effect on Monday, July 13.

The Department of Public Health (DPH) also issued updated guidance to mitigate the spread of COVID-19.

Step One of Phase III:

On May 18, the Baker-Polito Administration released a four-phased plan to reopen the economy based on public health data, spending at least three weeks in each phase. Key public health data, such as new cases and hospitalizations, have been closely monitored and have seen a decline allowing for Phase III to begin, Phase III will begin on July 13 in the City of Boston.

¹ There is a difference between the Commonwealth’s reported numbers and what the Watertown Board of Health can confirm through the Massachusetts Virtual Epidemiologic Network (MAVEN).

Since mid-April, the 7-day average for the positive COVID-19 test rate is down 94 percent, the 3-day average of hospitalized patients is down 83 percent and the number of hospitals in surge is down 95 percent. More than 1,000,000 total COVID-19 tests have been administered, and testing continues throughout the state.

The following businesses will be eligible to reopen in Step One of Phase III, subject to industry-specific rules concerning capacity and operations:

- Movie theaters and outdoor performance venues;
- Museums, cultural and historical sites;
- Fitness centers and health clubs;
- Certain indoor recreational activities with low potential for contact;
- Professional sports teams, under the authority of league-wide rules, may hold games without spectators

Full guidance and list of businesses eligible to reopen in Step One of Phase III can be found at www.mass.gov/reopening. Businesses and sectors set to begin opening in Phase III are subject to compliance with all mandatory safety standards.

Revised Gatherings Order:

Under the updated gatherings order, indoor gatherings are limited to eight people per 1,000 square feet, but should not exceed 25 people in a single enclosed, indoor space. Outdoor gatherings in enclosed spaces are limited to 25 percent of the facility's maximum permitted occupancy, with a maximum of 100 people in a single enclosed outdoor space. This includes community events, civic events, sporting events, concerts, conventions and more. This order does not apply to outdoor, unenclosed gatherings if proper social distancing measures are possible. This revised order does not supersede previously issued sector guidance, and became effective Monday, July 6th. It will be effective Monday, July 13th in the City of Boston.
