The Health Department has received its final allocation of 100 initial vaccines. These will be administered at a clinic on Monday, March 1st and all appointments were filled within 23 minutes of posting the clinic. Second doses of the vaccine are due 28 days after the first dose was administered. Testing will be held inside the Commander's Mansion 440 Talcott Avenue on the following dates and times:

The above dates and times are the only dates and times available for Watertown residents through this program.

There are several additional ways that Watertown residents can get tested for COVID-19:

COVID-19 symptoms may include fever, sore throat, loss of sense of smell, cough, difficulty breathing, body aches, or chills. Your health care provider will help you decide whether testing is appropriate. If your provider thinks you should be tested and cannot do the test on-site, they will make the referral to a testing site near you. Here is a current list of COVID-19 testing sites in Massachusetts:
